April 2023

Please continue to support Ukraine. The war is continuing, and they need our help! I hear from my sister-in-law, who was born in Kiev under USSR rule how life in her homeland is being destroyed. Please give generously.

Help the Suffering People of Ukraine

The people of Ukraine continue to suffer indiscriminate missile attacks from Russian forces, often aimed at population centers, and at power stations to destroy the capacity for people to heat their homes in winter. Please consider [donating](#) to Valentyna Pavsyukova's extraordinarily effective mission, Chalice of Mercy, to help pay for continued shipments of warm clothing,

medical supplies, and much more. With her dedicated network in the U.S. and Ukraine, Valentyna is able to get these supplies (including more than \$3.5 million worth of donated medical equipment) from Wisconsin to the people in the war zone in the space of ten days. This is all done at a discounted rate through her shipping partners, but it must be done by air, so the costs are still considerable. This mission is rooted in Jesus Christ and sanctified by much prayer and many Holy Masses. Your [donations](#) are deeply appreciated!
